PIONEERING DESIGN

ALUMINIUM DESIGNER RADIATOR

Wafer-thin, wonderfully warm and a delight for the eye. The new Vasco Oni extends the boundaries of radiator design. A copper heating tube with minimal water content is integrated into the ultra-thin aluminium front plate (with optional cut-outs for hanging towels). So this 'floating' flat radiator is not only beautiful to look at, but also **extremely efficient and energy-saving**. Ideal in combination with low temperature systems.

Compact Panel Radiator

OVERVIEW

Warmstyle radiators are the most efficient panel radiators available offering exceptionally high outputs with low water content. Warmstyle compact radiator are supplied with factory-fitted grille and side panels. They are available in 3 convector configurations to match your heat output requirement.

- Available in 5 heights from 300 - 700mm
- Available in 13 widths 400mm - 2000mm
- High heat output
- Low water content

Vertical

Vertical Panel Radiator

OVERVIEW

Purmo Vertical panel radiators are a vertical variant intended for installation on narrow and tall fragments of walls.

- Available in 3 heights from 1500mm to 1950mm
- Available in 4 lengths from 300mm to 750mm
- Perfect for tall, narrow walls where space is limited
- Can be installed with centre connections at 50mm spacing
- Range of accessories also available including: towel bars, radiator TRV and Lockshield pack and centre connection valve sets

Base Material: Steel

The Perfect Valve for The Perfect Radiator

Turn to page 212 to
see our full range of
Valves & Accessories

Finding the right valve can be
harder than it sounds. It's got
to complement the radiator
and feel part of the same
design.

At Plumbase, we supply a
wide range of valves. From
clean and contemporary
to traditional and unique,
we're confident you'll find the
perfect valve for your perfect
radiator.

SAFETY RADIATORS

Benefit from a combination of style and safety without compromising on great quality with a low surface temperature radiator. These radiators provide an excellent heat output while simultaneously keeping their own surface cool and safe to touch, so are perfect for commercial use as well as homes with young children and pets.

Horizontal LST

LST Radiator with Plinth

OVERVIEW

Designed specifically for places frequented by children, elderly people and vulnerable adults, our Low Surface Temperature (LST) radiators put health and safety first. They conform to NHS guidelines by ensuring that the surface temperature never exceeds 43°C. The LST radiator utilises the UK's most efficient panel radiator from our QRL range and our unique LST cover. We pack the items separately, allowing for delivery and installation of covers at second fix.

- Available in 80 size options
- NHS surface temperature compliant
- Curved edges and lockable hinged covers

Horizontal LST

Low Surface Temperature Radiator

OVERVIEW

The Purmo LST provides the perfect solution in applications where a low surface temperature is required for safety reasons. The Purmo LST ensures that the surface temperature of the radiator remains under 43°C, so is ideal for situations where young children are present such as nurseries and schools.

- Available in 3 heights from 572mm to 872mm
- Available in various lengths from 420mm to 2000mm
- Surface temperature does not exceed 43°C in accordance with the NHS Estates guidance notes
- Ideal for installation in hospitals, nursing homes and nurseries etc.
- Range of control options available such as closed coupled TRV, direct fit TRV, remote sensor and remote adjuster

Base Material: Steel

Compla

Compla Double Panel Double Convactor

OVERVIEW

A premium panel radiator with a perfectly smooth front, the Compla is the ideal choice for those looking to achieve a sleek, modern look. There's more to the Compla Horizontal than just looks, though. Beneath its stylish exterior, it features all the technological benefits of the QRL Compact, meaning you don't have to choose between appearance and performance. Its robust build and flat surface make it simple to fit and easy to clean.

- Available in four heights 400mm, 500mm, 600mm and 700mm
- Available in nine lengths from 400mm to 2000mm
- Easy to clean and maintain
- High heat output

Base Material: Steel

Ligna

Ligna Double Panel Plus

OVERVIEW

Bridging the gap between traditional panel and design radiators, the Ligna has it all: a luxurious look and top-quality performance. As with the rest of the QRL range, the technology it uses to heat your home is second to none – making it the ideal choice for those looking for style and substance. Crafted with versatility in mind, it is also designed for flexible sizing.

- Available in four heights 400mm, 500mm, 600mm and 700mm
- Available in nine lengths from 400mm to 2000mm
- Easy to clean and maintain
- High heat output

Flatline

Horizontal Single Panel Radiator

OVERVIEW

Looking for a true, pure look without a lot of frills? Then the Vasco FlatLine is an excellent choice —ultimately stylish in its timeless simplicity. With its flat face plate and superior finish of textured enamel, this radiator lifts any contemporary interior to a higher level. The FlatLine radiator has a water-bearing flat face plate which increases heat emission and which can be easily connected to low-temperature systems. This radiator is installed in no time, without masonry work, thanks to the clever and practical central connection.

- Available in 3 depths 69mm (T21S), 102mm (T22) and 163mm (T33)
- Various heights and widths available
- Superior heat emission
- Water-carrying flat front panel
- Easy to assemble thanks to the eight joints, including the intelligent central connection

Base Material: Steel

Plan Compact

Single Convector Radiator

OVERVIEW

The PLAN COMPACT is a sleek and contemporary panel radiator. It has a beautiful lustrous finish, which makes it a stylish alternative to standard panel radiators and combines with the great performance you would expect from a PURMO product. There is a large range of types and sizes available direct from stock.

- Available in 4 heights from 300mm to 600mm
- Available in various lengths from 400mm to 3000mm
- Stylish flat front compact radiator
- Working pressure of up to 10 Bar
- Range of accessories also available including: floor fixing bracket (excludes type 11) and radiator TRV and Lockshield pack

Base Material: Steel

Slieve

Slieve Horizontal Radiator in Champagne

OVERVIEW

For a high-end look with high heat outputs to match, the sleek and smooth Slieve is designed to complement a range of interiors – with both horizontal and vertical models available to suit any space. Built to QRL's exceptional standards of quality, the Slieve offers designer style without compromising on all-important radiator performance.

- Horizontal - available in five heights from 288mm - 723mm and ten lengths from 500mm - 2000mm
- Vertical - available in three heights from 1600mm - 2000mm and nine widths from 288mm - 868mm
- Will work efficiently with both commercial and domestic systems
- High heat output
- Durable powder coated in epoxy polyester paint for a brighter finish

Base Material: Steel

Sleeve Vertical Single Panel Radiator

Adagio

Adagio 35 Horizontal Single Column Radiator

OVERVIEW

A modern take on the traditional column radiator, the Adagio adds stand-out style to homes – whether you're looking for a horizontal or vertical design. As well as being a high-performance radiator that works hard to keep you and your home warm, its clean lines and smooth finish make it a stunning focal point for any room.

- Horizontal 35 available in one standard height of 600mm and five lengths from 630mm - 1995mm
- Vertical 35 available in one standard height of 1800mm and four widths from 420mm - 630mm
- Vertical 70 available in three heights from 1800mm - 2000mm and up to nine widths from 320mm - 840mm
- High heat output
- Will work efficiently with both commercial and domestic systems
- Durable powder coated in epoxy polyester paint for a brighter finish

Base Material: Steel

Kleo Contemporary Radiator

OVERVIEW

Zehnder Kleo is sophisticated and functional. Its elegant, open and transparent construction is supported by high performance and a lot more. Light seamless design through its element construction. Retrofit models available for existing pipework, providing simple installation for renovation projects.

Lissett

Lissett Sectional Aluminium Radiator

OVERVIEW

With its slim profile and graceful curves the Lissett is a subtly elegant radiator that complements contemporary interiors. It's elliptical sections are topped by chrome caps and it's discreet brackets allow for minimal projection from the wall. Made from recycled aluminium, the Lissett uses less energy to heat-up and is fast to respond to changes in room temperature.

- Horizontal available in 1 height 590mm and 4 widths from 804–1409mm
- Vertical available in 1 height 1890mm and 2 widths 402-603mm
- Tube specification: Extruded 200mm x 35mm elliptical aluminium sections with plastic chrome end trims

Finn

Finn Designer Radiator

OVERVIEW

This radiator is a popular choice with architects and designers, who like its clean lines and crisp elegance. Because its elements reflect the vertical lines of the room, it can complement a range of interior styles and is therefore one of most versatile radiator designs.

Forza Vertical 2 Column Radiator

Delta

Delta Horizontal 3 Column Radiator

OVERVIEW

The PURMO Delta radiator range is a stylish, contemporary twist on the conventional steel column radiator of days gone by. The Delta can create a traditional look in a modern apartment, or give a sophisticated take on an old design for a conservatory. Choosing a radiator that has the style to finish off a beautiful space, yet doesn't break the budget, has always been a challenge – until now.

- Available in 4 heights from 300mm to 750mm
- Available in various lengths from 600mm to 1800mm
- Fully laser welded, using the state of the art technology
- Floor mounting option available for radiator up to 1000mm high
- Range of accessories also available including: towel bars, decorative feet and radiator TRV and Lockshield pack

Base Material: Steel

Oni Vertical Radiator

OVERVIEW

The ONI radiator is wafer thin (8mm) and has very little water in the radiator. Beautiful design with rounded corners. Manufactured from recycled aluminium. 2 types: with (O-P) or without cut-outs (O-NP).

- Available in 3 heights 1400, 1800 and 2000mm and a width of 500mm
- High heat output, low water content
- Beautiful minimalistic design
- Central connection valve available, powder coated
- Tube specification: 8mm Plate

OVERVIEW

The architectural Bryce is inspired by the eroded chalk and sandstone formations of Bryce Canyon. The vertical aluminium profiles create a surprising interplay between light and shadow - one that looks different depending on where you are in the room. The Bryce unites powerful volume with pure elegance, an intriguing combination that has already been awarded various prestigious prizes.

- Available in 4 heights 1600, 1800, 2000 and 2200mm and 4 widths (375, 450, 525, 600mm)
- Energy-saving and optimal heat emission
- Sustainable and environmentally friendly
- Assembled from aluminium extrusion profiles with irregular profiling, available in various contemporary colours

Beams

Beams Vertical Radiator

OVERVIEW

Architectural space is the model for this innovative, multiple award-winning, radiator concept—the Vasco Beams. Beam shaped volumes together form a robust whole, in beautiful balance with the geometric architecture in the living space. The structural accessories offer the possibility to lay the desired accents yourself. Two water channels per element ensure high output and as a bonus, optimal energy efficiency. In 2014, the Vasco Beams won the renowned Reddot Design Award.

- Available in 3 heights 1600, 1800 and 2000mm and 3 widths (320, 490, 660mm)
- Easy to assemble thanks to the intelligent central connection
- Comes up to temperature quickly with the low water volume - highly suitable for low temperature systems
- Assembled from sturdy yet technically refined aluminium extrusion profiles, energy-saving and optimal heat emission

DELIVERY

- Stocked (Belgium White) 2 weeks
- Made to order (colour) 5 weeks

FINISH

- White S600
- 54 RAL and Structured Colours

Zaros Vertical Radiator

OVERVIEW

Simplicity is the defining force behind this simple designer radiator. A design (horizontal or vertical) that comes into its own in any room, any surroundings, any interior. Unhindered by unnecessary elements. Simple of line, but exceptionally abundant with warmth.

- Available in 2 depths (V75/V100): 5 heights (1200, 1600, 1800, 2000, 2200mm) and 4 widths (375, 450, 525, 600mm). Also horizontal version available
- Easy to assemble thanks to the intelligent central connection
- Comes up to temperature quickly with the low water volume - highly suitable for low temperature systems
- Assembled from vertical aluminium extrusion profiles, an ideal bathroom radiator in combination with functional accessories

Saxon Flat Fronted Horizontal Radiator

OVERVIEW

Sectional Aluminium radiator range, handily pre assembled in a number of widths. Both horizontal and vertical versions are available. Lightweight, and high heat outputs make this range a winner with installer and consumer alike.

- Horizontal available in 3 heights from 440mm - 690mm, and in 5 lengths from 420 - 1140mm
- Vertical available in 2 heights from 1446mm - 1846mm, and in 4 widths from 260 - 500mm
- High heat output
- Light weight - easy to install
- Low water content - means less power required to heat the system, and therefore cheaper to run than standard radiators
- Tube specification: 80mm sections x 95mm depth

Base Material: Aluminium

Poll

Poll

OVERVIEW

A twist on the traditional towel rail, with cross rails both level with the collectors, and also standing forward of the rail in a "D" shape. This enables towels to be hung with ease, and heat output is improved.

- 12 vertical models available in 3 heights from 530mm - 1480mm
- Available in 4 widths from 450mm - 700mm
- Tube specification: 30mm Square Collectors / 22mm Round Cross Tubes
- Ergonomically pleasing and extremely practical
- Combining good performance with style

Base Material: Steel

Ribbon Towel Rail

OVERVIEW

Like a steel band that wraps around the bathroom radiator, Zehnder Ribbon impresses with its modern design and practicality. Its oblique rungs are inspired by architectural structures with multiple levels. Large spaces provide the whole family with plenty of room to hang several towels. This linking of form and function transforms Zehnder Ribbon into a radiator that invites comfort and class into the bathroom.

Klaro Towel Rail

Klaro Towel Rail

OVERVIEW

Zehnder Klaro makes a strong impression through its look and functionality. And the reason is its sophisticated tube design and variable wall clearance. The radiator is ideal for heating towels.

Carré Half Round

OVERVIEW

Especially for the Carré, Vasco has developed an entirely new type of tube with optimal heat transmission and a minimal gap. The flat look creates a feeling of tranquillity, enhanced by the concealed and beautifully integrated collector. A much-lauded design radiator for which Vasco, as always, has developed matching accessories.

- Available in 4 heights 1400, 1800, 2000 and 2200mm and 2 widths (350, 430mm)
- Tube specification: 25 x 25mm
- Available with an optional half-round towel rail

Base Material: Steel

Niva Vertical

OVERVIEW

The ultra-compact stylized Niva is still an edifying example to many designers and colleague manufacturers. The epitome of functionality due to the optimal air flow and the extra-high heat emission which reaches the target temperature immediately. The epitome of design due to its honest, pure form and floating character, owing to the underlying invisible suspension and the organic, integrated towel bracket. An icon in the radiator world where the original remains the best!

- Available in single (N1L1) and double (N2L1) version
- 4 heights (1220, 1820, 2020, 2220mm) and 4 widths (420, 520, 620, 720mm)
- Sound, clean design with straight sides, suspended appearance with recessed shadow joint
- Single or double and electrical design.

Base Material: Steel

Veronica Vertical

Image description goes here.

OVERVIEW

Proportion is everything. Even when it comes to climate control. With the Veronica, Vasco has developed a designer radiator impressive in its powerful volume and charming in its pure elegance and fine, round tubes. The same can be said about its heating capacity. The Veronica is your guarantee of optimal performance, no matter the interior. In combination with the right accessories, this radiator is ideal for the bathroom.

- Available with one row of tubes (VRV1-X) or two rows of tubes (VRV2-X)
- 5 heights (1400, 1600, 1800, 2000, 2200mm) and 4 widths (420, 492, 564, 636mm) available
- Single or double, wall suspension or free-standing
- Practical and easy to assemble thanks to the central connection
- Tube specification: 22mm

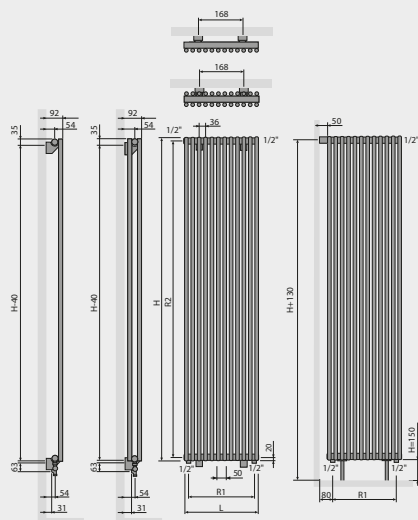

Base Material: Steel

DELIVERY

- Made to order (white) 4 weeks
- Made to order (colour) 5 weeks

FINISH

- White RAL 9016
- 56 RAL and Structured Colours

CENTRAL
HEATING

OVERVIEW

A designer radiator concept, unique in its kind. The tubes are not mounted on top of each other but rather into each other and together for one seamless, flat structure. The accessories are also nicely integrated into the whole. The perfect relationship between technology and aesthetics provide a unique product that has since won almost all major design prizes, and is also available in a bathroom design with a centre connection.

- Available in 3 heights 870, 1470 and 1870mm and 3 widths (500, 600, 700mm).
- Architectural design crowned with various design awards
- Minimalist suspension in the radiator colour
- The pipes are seamlessly joined by invisible welds
- Tube specification: 45 x 20mm

Base Material: Steel

Elcot

OVERVIEW

The sleek stainless design and minimal size allows bathrooms to enjoy a towel rail in areas where a traditional ladder rail may not fit. The extra low voltage and 12v transformer means they can be installed in wet rooms, shower areas, near bath tubs and wash basins. Easy to fit using the mounting kit.

- Available in two heights 32mm & 40mm and in four widths 400 to 632mm.

Base Material: Stainless Steel

Space Saver

Space Saver Stainless Steel Hydronic Plinth Heater

OVERVIEW

Replace your kitchen radiator with a Smith's Space Saver Plinth Heater! The Space Saver plinth heater offers increased flexibility and space in kitchen design as it enables the removal of kitchen radiators that may be using up valuable wall space. Fitting discreetly into the plinth of a kitchen, the Space Saver provides efficient and effective heat at low level, creating space for extra cupboards, more work surface and additional appliances.

- Creates space for more kitchen cupboards, extra work surface and additional appliances
- Installs into kitchens with 80mm plinth height
- Supplied complete with stainless or brushed steel fascia grille, flexible installation hoses and pre-wired cable
- Adds less than £5 to your annual heating bills

Flow Form

OVERVIEW

The industrial heating element is now a beautiful radiator in its own right. The Flow Form's spiral fin was designed for technical efficiency – it increases the surface area of the radiator and allows hot air to rise through the gills, thereby maximising the heat output.

Flat Plinth

Flat Plinth Line T22

OVERVIEW

The Vasco Flat-Plinth-Line is a horizontal plinth panel radiator with a decorative surface front panel, side panels and designer line grid. This combines a superior heat supply with futuristic technology and stylish appearance. Its eight connections makes it universally connectable regardless of the type and the length. It fits beautifully into large windows because of its low height. It is possible to install the Flat-Plinth-Line on the wall or on the floor.

- Wall brackets or legs to be ordered seperately

MYSON

Kickspace Hydronic

Kickspace Hydronic Fan Convactor

OVERVIEW

A space saving solution, KICKSPACE can be fitted easily under kitchen units, leaving more wall space for kitchen units and appliances. Its large surface area heat exchanger means high heat loads can be delivered into the room rapidly. The hydronic model integrates into an existing central heating system.

- Hydronic models include 500, 600 and 800 as well as a low voltage model and dual fuel option with electric element
- White as standard. Grille can be replaced with Black, Chrome or Brushed Stainless Steel
- Creates additional space within the kitchen
- Range of coloured grilles available, plus a range of wall switches and thermostat options

Base Material: Steel, Copper and Aluminium

Kickspace Electric Fan Convactor

OVERVIEW

A space saving solution, KICKSPACE can be fitted easily under kitchen units, leaving more wall space for kitchen units and appliances. Its rapid heat up time provides excellent heating performance for the whole room. The electric range is perfect for properties with either no central heating or in areas where no pipes exist.

- Electric range includes 500 and 600 with a white or brushed stainless grille
- White model: grille can be replaced with Black, Chrome or Brushed Stainless Steel
- Creates additional space within the kitchen
- Outputs range from 1-2kW

Base Material: Steel, Copper and Aluminium

iVector MKII

iVector MKII Fan Convactor

OVERVIEW

The latest generation of iVECTOR is even more quiet, even more efficient and even more intelligent than ever before. The iVECTOR MKII maintains all the benefits of the previous model with the same great looks and performance but now comes with an improved motor, an improved fan and improved software, making it the most intelligent fan convector we have ever made.

- Available in 5 widths from 800-1600mm (600mm height)
- All sizes are available as the standard 2-pipe from stock or 4-pipe as a special order
- Works perfectly with heat pumps and traditional boilers
- Silent when operating in normal mode
- Delivers heat into a space rapidly

Base Material: Steel, Copper and Aluminium

Terms & Conditions

Consumer Terms And Conditions Of Sale

1 ABOUT THESE TERMS AND OUTLINE CONTENTS

1.1 These terms and conditions relate to consumer sales only. These terms only apply if You are a consumer. A consumer means any natural person acting for purposes outside his/her trade, business or profession. If you are acting in the course of Your trade, business or profession please ask for a copy of Our business to business terms of sale.

1.2 This is a legally binding document to protect Your own interests. Please read these terms of sale carefully before placing Your order and keep a copy of these terms and Your order for future reference.

1.3 Clause 2 - Definitions. This clause sets out the meaning of the capitalised words and terms which are given specific meaning within this document.

1.4 Clause 3 - The Basis of Our Agreement. This clause explains the extent to which this document applies to dealings between You and Us and how We intend to rely on it. This clause also explains when a contract is formed between You and Us, the status of any quotations which We may provide to You and the extent to which You may rely on any advice provided by Us.

1.5 Clause 4 - The Description and Price of the Goods. This clause sets out how the Goods We supply to You will be described and priced and Our obligations to You to ensure that descriptions and prices are accurate. The clause explains Our obligations to supply goods to You and Your rights if We are unable to do so or if variations arise in the finish of products supplied.

1.6 Clause 5 - Payment for the Goods. This clause explains when and how You can pay for goods which You order from Us.

1.7 Clause 6 - Our Delivery of the Goods. This clause sets out the procedure and cost in the event that We agree to deliver goods to You. It also sets out Our liability to You where You ask Us to enter private property and the circumstances in which We may refuse to do so.

1.8 Clause 7 - Your Cancellation and Return of the Goods. This clause explains when You may cancel an order which You have placed with Us and when You may return goods which We have supplied to You. It also explains Your rights where You have purchased goods "at a distance" (by telephone, mail order or by the internet).

1.9 Clause 8 - Your Acceptance of the Goods. This clause sets out three ways in which You will be deemed to have accepted goods supplied by Us to You.

1.10 Clause 9 - Your Responsibilities on Delivery Including Inspection. This clause sets out what You should do in the event that you are not satisfied with goods which We supply to You or if We deliver a smaller quantity of the goods than was agreed between You and Us.

1.11 Clause 10 - Defective Goods. This clause sets out Our liability to You in the event that We supply You with goods which are defective and the circumstances when We will not be liable to You. It also explains whether You will need to prove that the goods were defective or if We will need to show that they are satisfactory.

1.12 Clause 11 - Ownership and Responsibility for the Goods. This clause explains when You will become responsible for the goods and when ownership will pass. It explains that ownership will not pass until You have paid for the goods and any other sums owing to Us in full.

1.13 Clause 12 - Your Non-Payment / Insolvency. This clause explains the consequences of You failing to pay for goods on time and the steps We may take if You are declared bankrupt or become insolvent.

1.14 Clause 13 - Data Protection. This clause sets out how We may make use of Your personal details in order to fulfill Your order.

1.15 Clause 14 - Events Beyond Our Control. This clause explains the extent of Our liability in the event that We are unable to complete the contract between Us due to circumstances which are beyond Our reasonable control.

1.16 Clause 15 - General. This clause contains a number of general provisions in relation to the contract between You and Us relating which law will apply, the way in which the contract should be interpreted and the rights of third parties in relation to the contract between You and Us.

2 DEFINITIONS

2.1 In these terms and conditions:

2.1.1 'We', and 'Our', means Gratton Merchandising GB Limited (company no. 4725313), whose registered office is at PO Box 1224, Petham House, Canwick Road, Lincoln LN5 5NH including its trading divisions as well as its employees and agents;

2.1.2 'You' and 'Your' means the person seeking to purchase Goods from Us; 2.1.3 'the Contract' means the contract for the supply of Goods incorporating these Terms;

2.1.4 'Defect' means the condition and/or attribute of the Goods and/or any damage, fault, condition or other circumstances that may entitle You to either reject the Goods, or seek Remedies;

2.1.5 'the Goods' means the Goods to be supplied by Us to You;

2.1.6 'Quotation' means Our written indication of likely cost and specification of the Goods if You were to place an order with Us;

2.1.7 'Remedies' means compensation, repair, replacement, a reduction in price of the defective Goods or ending the Contract; and

2.1.8 'the Terms' means these terms and conditions and any additional special terms agreed in writing between You and Us.

3 THE BASIS OF OUR AGREEMENT

3.1 These Terms apply to all Goods supplied by Us to You. Orders are only accepted under these Terms and they may not be altered or added to other than in accordance with clause 3.2.

3.2 In relation to the Contract We intend to rely upon these Terms along with any written acceptance of an order placed by You as to the terms of the agreement between Us. If You require any changes to these Terms, these must be put in writing and be signed by one of Our Directors.

3.3 A Contract between You and Us for the sale of any Goods only exists after We have received and accepted Your order and have confirmed it in writing such as by Us issuing You with an invoice, receipt, delivery note or notifying You by email to an email address You have given. Once We do so, there is a binding legal contract between You and Us.

3.4 Our Quotations do not constitute an offer to enter into a contract with You.

3.5 We amend these Terms from time to time. Every time You order Goods from Us, the Terms in force at the time of Your order will apply to the Contract between You and Us.

3.6 We may revise these Terms as they apply to Your order from time to time to reflect changes in relevant laws and regulatory requirements. If We have to revise these Terms as they apply to Your order, We will contact You to give You reasonable advance notice of the changes and let You know how to cancel the Contract if You are not happy with the changes. You may cancel either in respect of all the affected Goods or just the Goods You have yet to receive. If You opt to cancel, You will have to return (at Our cost) any relevant Goods You have already received and We will arrange a full refund of the price You have paid, including any delivery charges.

3.7 In providing any advice to You with regard to the suitability of any Goods or materials for Your specifications We shall rely upon the information that You provide to Us. You must ensure the accuracy of any information You provide to Us including any applicable design, drawing or specification and You must give Us any necessary information relating to the Goods within sufficient time to enable Us to perform the contract in accordance with these Terms.

4 THE DESCRIPTION AND PRICE OF THE GOODS

4.1 The description and price of the Goods You order will be as shown, or as described by Us in any Quotation, or, in the absence of such, as shown in Our, or the manufacturer's / supplier's, current catalogue or website at the time You place Your order. We reserve the right to vary the price of the Goods at any time before the Contract is made in accordance with clause 4.6. Whilst We try to ensure that all descriptions and prices are accurate and are kept up to date, errors may occur. If We discover an error in the price or description of the Goods You have ordered, We will let You know as soon as reasonably possible. We will then offer You the option of reconfirming Your order or cancelling it in exchange for a full refund.

4.2 Our ability to supply the Goods is subject to Us holding them in stock or being able to obtain them. If on receipt of Your order, the Goods You have ordered are not available either in stock or by special order We will inform You as soon as reasonably possible and if We are unable to obtain them in an agreed time We will refund or credit You in full for any sum that has been paid by You or debited from Your credit card for the Goods, including any delivery charges.

4.3 In the event that We are unable to supply the Goods to You for a reason beyond Our reasonable control, We will notify You and offer You alternative similar products (if available) which are of no less quality. You shall be entitled to accept the alternative goods offered with a refund of any difference in the price if the substitute is cheaper or You shall be entitled to cancel Your order and obtain a full refund.

4.4 Whilst We try to maintain continuity of supply in relation to Our product lines, We reserve the right to discontinue any product at any time and We shall be under no obligation to supply You with a discontinued product in the future. If You have already placed Your order, We will notify You as soon as reasonably possible that the Goods are not available and offer You an alternative product if one is available or a full refund.

4.5 In the case of certain products, variations may arise in the finish of those products where they originate from different factory batches. We shall not be liable for any loss caused by such variation where such variation does not diminish the quality of the Goods and where Goods bought for a specific job or purpose are not purchased at the same time.

4.6 We take every precaution in the preparation of Our website, catalogues, technical circulars, price lists and other literature, but these documents are for Your general guidance only and do not form part of the Contract. If You require advice in relation to the Goods, a specific request for advice should be made to Us using the contact details in clause 17.

4.7 We reserve the right to increase the price of the Goods by giving notice to You prior to delivery to cover:

4.8 any increase in the cost which is due to any factor beyond Our control including, without limitation, any foreign exchange fluctuation, currency regulation, alteration of duties, significant increases in the costs of labour, materials, or other costs of manufacture;

4.9 any change in delivery dates, quantities or specification of the Goods which are requested by You; or

4.10 any delay caused by any failure by You to give Us adequate

information or instructions, but if You do not wish to pay the higher price, You may cancel Your order and claim a full refund.

4.11 Where You require delivery to be made, We may require You to pay a charge for the delivery of the Goods in addition to the price and, if applicable, this charge will be quoted to You at the time of contract.

4.12 The price of the Goods and delivery charges are inclusive of VAT unless VAT is shown as a separate element.

4.13 Prices and delivery charges displayed or otherwise communicated are valid and effective only in the United Kingdom.

5 PAYMENT FOR THE GOODS

5.1 You can pay for the Goods and delivery charges by any method shown in Our premises, in Our current catalogues or on Our website or which are notified to You at the time You place Your order.

5.2 Payment by credit card will not be effective until We are in receipt of cleared funds.

6 OUR DELIVERY OF THE GOODS

6.1 Before We agree to deliver the Goods to You, You must provide Us with an address for delivery along with all of the information which We will reasonably require to enable Us to determine whether We will be able to deliver the Goods, the appropriate method of delivery and the cost to You of providing the delivery service.

6.2 Prior to delivery of the Goods, We will agree with You a time for delivery of the Goods. We will deliver the Goods as soon as possible and unless you request a later date, in any event within 30 days of formation of the Contract.

6.3 If We are unable to make an agreed delivery to Your address for reasons due to Our own fault, We will inform You as soon as possible and refund or re-credit You for any sum that has been paid by You or debited from Your credit card for delivery.

6.4 If there is no one at the address You have given when who is competent (over the age of 18 years) to accept delivery of the Goods by signing for them, We will seek to agree an alternative delivery date, or agree for You to collect the Goods. We reserve the right to make an additional charge for re-delivery of the Goods and You will be informed of the amount at the time We arrange an alternative date.

6.5 If Goods are to be deposited other than on Your private premises We will deliver the Goods as near as possible to the delivery address as is safe and the public highway permits. You will be responsible for complying with all regulations, permits and charges and for all steps which need to be taken for the protection at all times of persons or property. You will reimburse Us in respect of all reasonable losses, damages, costs and expenses We may incur as a result of such delivery whether on the public highway or elsewhere. We will remain liable for all losses caused by Our own negligence.

6.6 We will only enter private property if We are given specific authority. Once invited onto private property We accept no liability for damage caused to that property by Our delivery drivers (whether directly employed by Us or by a third party) unless caused by Our own fault or negligence. We reserve the right to refuse to deliver the Goods to premises that are reasonably considered by Our delivery drivers to be unsuitable or unsafe. We will notify You as soon as reasonably possible of the reason for non-delivery.

6.7 You agree to reimburse Us in respect of all losses, damages, costs and expenses that We incur in complying with any specific delivery instructions which You may give Us and which relate to clauses 6.5 and 6.6 above. Any amount which You reimburse to Us will be reduced in proportion to the extent that such losses, damages, costs and expenses are due to Our fault or negligence.

6.8 Unless We state otherwise, all Our Quotations and estimates assume delivery of the full contracted amount of Goods. We reserve the right to levy additional charges for deliveries by instalments where requested by You.

6.9 Our delivery price includes the cost of delivery on week days during Our normal working hours. An additional charge may be made if We agree to Your request to deliver outside normal working hours on Saturdays, Sundays and/or bank holidays.

6.10 If You keep Our delivery vehicle waiting for an unreasonable time or the delivery driver is obliged to return without completing delivery, or if due to the nature of the Goods We have to provide additional staff to unload Goods, a reasonable additional charge will be made that reflects the extra services provided the amount of such additional charge will be notified to You.

6.11 We will not be liable for any death, or personal injury to You or anyone under Your control during unloading that was not caused by Our negligence or by a breach of Our statutory duty.

7 YOUR CANCELLATION AND RETURN OF THE GOODS

7.1 Because You are a consumer, We are under a legal duty to supply Goods that are in conformity with this Contract. As a consumer, You have legal rights in relation to Goods that are faulty or not as described. These legal rights are not affected by Your right of return and refund in this clause 7.3 or anything else in these Terms. Advice about Your legal rights is available from Your local Citizens' Advice Bureau or Trading Standards office.

7.2 You do not have an automatic right to change Your mind and cancel the contract unless it has been made by telephone, mail order or by the internet, (at a "Distance"). We may at Our discretion accept the return of certain Goods not purchased from Us at a Distance (see clause 7.3). This clause does not affect Your right to return any faulty or mis-described Goods.

7.3 For contracts not made at a Distance and where You purchase Goods from Us from stock We may at Our discretion accept the

Goods back, in which case We will issue You with a credit note for the purchase price less reasonable costs incurred up to the point of Your cancellation. Goods to be returned must be delivered back to Us at Our cost with proof of purchase and be in the same condition that they were in at the time of purchase. We will be unable to accept back Goods that were not held in stock and were especially ordered on Your behalf. This clause does not affect Your right to return faulty or mis-described Goods.

7.4 If You cancel the Contract when it has not been made at a Distance and We have not agreed to take back the Goods You will be liable for the cost of the Goods and for the reasonable costs that We have incurred in fulfilling Your order. If We have already accepted a part-payment or deposit, We will consider whether this covers the losses We are entitled to claim and if it does not We may claim extra from You. If the part-payment or deposit is in excess of Our losses, We will refund the balance. This clause does not affect Your right to return faulty or mis-described Goods or Goods ordered at a Distance.

7.5 If You have ordered Goods at a Distance You have the right to cancel the Contract at any time up to the end of 14 days after You receive the Goods or, if Your Goods were delivered in instalments, 14 days after the date on which You receive the last instalment of the Goods.

7.6 To exercise Your right of cancellation, You just need to let Us know You have decided to cancel using Our contact details in Clause 17.

7.7 If You exercise Your right of cancellation:

7.7.1 You will:

- be responsible for returning the Goods to Us at Your own cost. The Goods must be returned to Our main trading address shown at the end of these Terms; and
- take reasonable care to ensure the Goods are not damaged in the meantime or in transit. If the Goods are damaged (or have been modified) by You or are damaged in transit in a way that You could have foreseen (such as not being sent back in the same or similar packaging as sent to You), We will assess what damage has been caused and if some or all of the goods are not in saleable condition then those goods will be rejected and a proportionate part of the refund withheld; and

7.7.2 We will:

- refund or credit You any sum that has been paid by You or debited from Your credit card for the Goods as soon as possible and in any event within the deadlines indicated below:
 - If You have received the Goods and We have not offered to collect it from You: 14 days after the day on which We receive the Goods back from You or, if earlier, 14 days after the day on which You provide Us with evidence that You have sent the Goods back to Us;
 - or
 - If You have not received the Goods or You have received it and We have offered to collect it from You: 14 days after You inform Us of Your decision to cancel the Contract;
- refund You using the same payment method You used to place Your order;
- refund any delivery costs You have paid, although, as permitted by law, the maximum refund will be the costs of delivery by the least expensive delivery method We offer (provided that this is a common and generally acceptable method).

7.8 If You do not return the Goods as required under Clause 7.7, We may charge You a sum not exceeding Our direct costs of recovering the Goods.

7.9 You do not have the right to cancel the Contract if Your order is for perishable Goods that have been unsealed by You, or for Goods that by their nature (such as bespoke goods or items which have been personalised at Your request) cannot be returned or are liable to deteriorate or expire rapidly.

8 YOUR ACCEPTANCE OF THE GOODS

8.1 Your acceptance of Goods can take place in three ways:

- by telling Us that You have accepted the Goods;
- by altering or customising the Goods in any way;
- by keeping the Goods longer than a reasonable time without telling Us that You have rejected them.

9 YOUR RESPONSIBILITIES ON DELIVERY INCLUDING INSPECTION

9.1 If You are not satisfied with the Goods, if they do not conform with Your order, if they are damaged or faulty, if they are not of satisfactory quality or have any other Defect You should reject them on delivery, or, if a Defect is found within a reasonable time after delivery We will (subject to confirmation of the Defect) exchange the Goods or refund You in full.

9.2 Should a short delivery (of less than the full quantity of Goods ordered) have been made, You must notify Us within a reasonable time of discovery of the short delivery. Our liability for this short delivery is limited to making good the shortage and any reasonable loss or damages You have suffered due to the short delivery.

9.3 Where it would have been apparent on a reasonable inspection that the Goods do not conform to the Contract and You fail to give Us notice of this within a reasonable time You will be deemed to have accepted the Goods and have waived any right to reject the Goods.

10 DEFECTIVE GOODS

10.1 Where indicated in this brochure certain of our Goods are supplied with a manufacturer's guarantee. The terms of the manufacturer's guarantee can be found in the manufacturer's product information or on their website and these apply in addition

to Your Remedies set out in this Clause 10 and Your statutory rights relating to faulty or mis-described Goods.

10.2 If the Goods have a Defect at the time of sale and You have not yet accepted the Goods, We will refund You in full. Where You have accepted the Goods, You lose the right to a refund. However You retain the right to the Remedies.

10.3 If the Goods have a defect and You have accepted them, You will be entitled to Remedies. We will not pay compensation for any consequential damage or any other indirect or consequential loss of any kind resulting from use of the Defective Goods, where such damage was not reasonably foreseeable to Us at the time the Contract was made or where such losses can be reasonably described as arising in the course of Your trade or business.

10.4 If You do not accept the Goods You may claim a full refund or Remedies only if the Goods are not (a) of a satisfactory quality or (b) fit for purpose or (c) as described at the time of purchase.

10.5 You may claim Remedies within the first six months after purchase unless We prove that the Goods conformed to the Contract at the time of sale.

10.6 If You claim Remedies more than six months after purchase You must prove that the Goods did not conform to the Contract at the time of sale.

10.7 You cannot make a claim for Remedies in the following cases:

- 10.7.1 If the defect or fault was brought to Your attention on or before the time of sale;
- 10.7.2 If You inspected the Goods on or before the time of sale and the defect or fault was or should have been readily noticeable;
- 10.7.3 If the defect or fault would have become apparent on inspection within a reasonable time from delivery and notice of the defect has not been given to Us within a reasonable time from when the defect became apparent;
- 10.7.4 If the defect arises from Your willful actions, negligence, abnormal working conditions, misuse, alteration or repair of the Goods, failure to follow instructions relevant to the Goods or storage of the Goods in unsuitable conditions;

10.7.5 If You change Your mind about wanting the Goods or if after purchase You decide that You do not like a cosmetic aspect of the Goods such as colour or shape that was clearly intrinsic to the Goods at the time of purchase;

10.7.6 If You chose the Goods Yourself for a purpose which was neither obvious nor made known to Us and You find the item unsuitable for that purpose; or;

10.7.7 If the defect is a result of fair wear and tear.

10.8 Nothing in these Terms will affect the terms of manufacturers' warranties and guarantees or reduce Your statutory rights relating to faulty or mis-described Goods. For further information about Your statutory rights You can contact Your local authority Trading Standards Department or Citizens' Advice Bureau.

11 OWNERSHIP AND RESPONSIBILITY FOR THE GOODS

11.1 Risk passes to You as soon as We have delivered the Goods and You will then be responsible for them. If You delay a delivery, our responsibility for everything other than damage due to Our negligence will end on the date that We agreed to deliver them as set out by the Contract.

11.2 We will retain title (ownership) to the Goods until You pay the full price (cash or cleared funds) of the Goods and any other sums outstanding between You and Us whether in respect of this Contract or otherwise.

11.3 Until title passes You shall:

- 11.3.1 hold the Goods on trust on Our behalf;
- 11.3.2 store the Goods separately from all other Goods or products in such a way that they remain identifiable as the Goods; and
- 11.3.3 not affix the Goods to any land or building in such a way that they become incapable of removal without material injury to the land or building.

12 LIABILITY

12.1 If we fail to comply with these Terms, We are responsible for loss or damage You suffer that is a foreseeable result of Our breach of these Terms or Our negligence, but we are not responsible for any loss or damage that is not foreseeable. Loss or damage is foreseeable if it is an obvious consequence of Our breach or if it was contemplated by You and Us at the time We entered into this contract.

12.2 We only supply the Goods for domestic and private use. You agree not to use the product for any commercial, business or resale purposes, and We have no liability to You for any loss of profit, loss of business, business interruption, or loss of business opportunity.

12.3 We do not in any way exclude or limit Our liability for:

- 12.3.1 death or personal injury caused by Our negligence;
- 12.3.2 fraud or fraudulent misrepresentation;
- 12.3.3 any breach of the terms implied by section 12 of the Sale of Goods Act 1979 (title and quiet possession);
- 12.3.4 any breach of the terms implied by section 13 to 15 of the Sale of Goods Act 1979 (description, satisfactory quality, fitness for purpose and samples); and
- 12.3.5 defective products under the Consumer Protection Act 1987.

13 YOUR NON-PAYMENT / INSOLVENCY

13.1 If You are declared bankrupt, enter into an individual voluntary arrangement with Your creditors, fail to pay any invoice or any sum due to Us under any contract or You commit a material breach of

the Contract and fail to remedy that breach, all sums outstanding between You and Us shall become immediately due and payable and We shall be entitled to do any one or more of the following (without prejudice to any other right or remedy We may have):

- 13.1.1 require payment in cleared funds in advance of any further orders You may make;
- 13.1.2 cancel or suspend any further deliveries to You under this or any other contract without liability on Our part to the extent that We have not already received payment in cleared funds;
- 13.1.3 terminate this Contract with You.
- 13.1.4 You will reimburse Our costs including legal costs, which We incur in enforcing a breach of the Contract arising from Your act or omission.

14 DATA PROTECTION

14.1 By placing Your order, You allow Us to use Your personal details for the purpose of supplying the Goods (including passing Your details on to Our employees/agents). We may share Your information within Our company network for purposes connected to or relating to the fulfilment of Your order or for other internal accounting or compliance purposes. We will not use Your details for any other purpose without seeking Your prior consent.

15 EVENTS BEYOND OUR CONTROL

15.1 We reserve the right to defer the date of delivery or to cancel the Contract or, with Your consent (not to be unreasonably withheld or delayed), reduce the volume of Goods ordered by You (without liability to You) if We are prevented from or delayed in the carrying on of Our business due to circumstances beyond Our reasonable control, provided that, if the event in question continues for a continuous period in excess of 30 days, You shall be entitled to terminate the

Contract by giving 14 days prior written notice and You shall be entitled to refund in respect of any Goods not delivered to You.

16 GENERAL

16.1 These Terms are governed by English law. This means a Contract for the purchase of Goods through Our site and any dispute or claim arising out of or in connection with it will be governed by English law.

16.2 You and We both agree to that the courts of England and Wales will have non-exclusive jurisdiction. However, if You are a resident of Northern Ireland You may also bring proceedings in Northern Ireland, and if You are a resident of Scotland You may also bring proceedings in Scotland.

16.3 Any waiver by Us of any breach or default of these Terms does not mean that We will continue to waive that or any subsequent breach.

16.4 If any clause or sub-clause of these Terms is held to be invalid or unenforceable the validity of the other clauses and sub-clauses of these Terms will not be affected and they will remain in full force and effect.

16.5 Any reference in these Terms to any Statute, Statutory Provision or Regulation includes a reference to that Statute, Statutory Provision or Regulation as amended extended or re-enacted at the relevant time.

16.6 The headings of these Terms are for convenience only and shall not affect their interpretation.

16.7 Termination of the Contract shall not affect the rights and obligations that have already accrued at the time of termination.

16.8 Nothing in these Terms or the Contract is intended to or will create any benefit for or right to enforce any of the Terms of the Contract at any third party.

17 INFORMATION ABOUT US

17.1 Grafton Merchating GB Limited (company no. 4725313), whose registered office is at PO Box 1256, Gemini One, John Smith Drive, Oxford Business Park South, Oxford, OX4 9JF. Our VAT number is GB 128 2526 76.

17.2 To cancel a Contract in accordance with Your legal right to do so as set out in clause 7, You just need to let Us know that You have decided to cancel. The easiest way to do this is by completing the cancellation form, a copy of which is available in the Appendix to these Terms. You can also cancel by contacting Us by hand or post at Grafton Merchating GB Limited, Head Office: Gemini One, 5520 Oxford Business Park South, Cowley, Oxford, OX4 2LL, or by fax at +44 (0)1865 714695, giving details of the Goods ordered and (where appropriate) their delivery.

17.3 Grafton Merchating GB Limited (company no. 4725313), whose registered office is at PO Box 1224, Pelham House, Canwick Road, Lincoln LN5 5NH. Our main trading address is Gemini One, 5520 Oxford Business Park South, Cowley, Oxford, OX4 2LL. Our VAT number is GB 128 2526 76.

APPENDIX

Think Big.

Whether you are looking for traditional flair or contemporary chic, our Big Radiator Book showcases a wide range of radiators combining functionality with cutting edge design, all from the leading brands you love.

Part of one of the UK's leading building and plumbing merchant groups, our nationwide branches and showrooms offer both innovative style and support that is trusted by the trade and rivalled by few. Not only are we big on design, quality and affordability, but we are also big on service.

Quality Guaranteed

We know you want the best radiator for your money which is why we only sell products approved by our experts. Each item we stock comes with a manufacturer guarantee, so you can enjoy extra peace of mind.

Early Opening Hours

Fitting a radiator can be a long job which is why we're open early during the week.
You can visit us Monday to Friday – 7:00am to 5:00pm, or Saturday 8:00am to 12:00pm.*

Knowledge and Experience

With years of industry experience our staff are only too happy to support you find the perfect radiator.

Find and Fit

Once you've pick a radiator that is going to suit your room, we can also help you identify local trade professionals that would be happy to assist with your project.

Simple Pricing

We keep our eye on the market in order to offer you the best value possible. From luxury designs to radiators on a budget, you can be sure to find a style and price that's right for you.

Buy Online

If you'd prefer to browse or purchase our radiators in your own time, simply visit us online.
You can access a huge range of products, as well as choose a delivery option to suit you.

Fast Delivery

We have a fleet of delivery vehicles across the UK committed to providing you with guaranteed delivery dates* including same-day and next-day. Need it faster? Many products are available to take-away.†

*Days/Times may vary at some individual branches.

† Subject to local availability.
